Quote Approved By: _____

Closing Notes:

Taxes

Prices do not include taxes. Buyer shall pay Seller, in addition to the price of the goods, any applicable excise, sales, use or other tax (however designated) imposed upon the sale, production, delivery or use of the Goods or Services ordered to the extent required or not forbidden by law to be collected by Seller from Buyer, whether or not so collected at the time of the sale, unless valid exemption certificates acceptable to the taxing authorities are furnished to Seller before the date of invoice.

Cancellation Schedule - Material:

-Percentages shown are of total order value with weeks representing number of weeks from receipt of official order:

10% after 2 weeks.
20% after 4 weeks.
40% after 6 weeks.
80% after 8 weeks.

Cancellation Schedule - Services:

-If any cancellation of scheduled service visit occurs, Federal Signal reserves the right to impose cancellation charges as follows:

-Cancellation of visit within 7 days of mobilization - 50% of agreed upon labor and incurred expenses plus handling fee.

-Cancellation of visit within 2 days of mobilization - 100% of agreed upon labor and incurred expenses plus handling fee.

Delivery Schedule:

-From receipt of official purchase order, delivery is based upon the agreed upon schedule. Production does not commence until receipt of approved drawings to Code B(approved with comments)

Warranty/Guarantee:

Please see Federal Signal Limited Warranty Terms and Conditions document (attached)

Storage Charges:

-0.5% storage charge per month on total amount of invoice applies if product is not pickup/shipped within two weeks after signed FAT.

2001-130 Siren

Features

- **130 dB(C) output**
- **Directional, rotating siren for maximum coverage**
- **Three distinct warning signals**
- **Full battery operation or battery back-up**
- **Maintenance-free sealed bearing motors**
- **Weather-resistant coating**
- **Ideal for outdoor warning**
- **5-year limited warranty**

The Federal Signal 2001-130 public siren is a high power, rotating, uni-directional outdoor warning siren that offers an anechoic certified signal strength of 130 dB(C) +/- 1 dB(C) at 100-ft. The high-decibel output provides maximum coverage with minimum installation cost. Radio activation can further minimize installation costs by eliminating the need for leased dedicated control lines.

The siren's projector produces a 60-degree projection of sound which rotates at 3 RPM and can produce three distinct warning signals: steady, wail and fast wail. The 2001-130 siren will supply a minimum of 15 minutes of full power output from its batteries after AC power loss. The siren controls are available with battery operation, AC operation, and AC operation with battery back-up, one-way and two-way radio control, wired or wireless ethernet, satellite/cellular or landline.

Ideally suited to provide warning for hazardous weather conditions, fires, floods, chemical spills and other types of emergencies, the 2001-130 siren is a perfect choice to protect any community.

2001-130 Siren
Specifications

Power Requirements*	
Siren Motor	48V (DC or full wave rectified AC) 110A (nom.)
Rotator Motor	48V (DC or full wave rectified AC) 1A (nom.)
Wiring	
Siren Motor	2 AWG
Rotator Motor	12 AWG
Motor Type	
Siren	Series wound DC 6 Hp
Rotator	Permanent magnet DC 1/8 Hp

Signal Information		
Signal	Frequency Range	Sweep Rate
Steady	790 Hz	N.A.
Wail	470-790 Hz	10 sec.
Fast Wail	600-790 Hz	3.5 sec.
Signal Duration	3min. std. (programmable)	
Signal Output (SPL)	130 dB(C) +/- 1 dB(C) at 100' (30.5 m) 6400 feet Effective Range at 70dBC	
Rotation	3 RPM	

Dimensions	
Height x Width x Depth	55" x 37" x 41" 140cm x 94cm x 10cm
Weight	
Shipping Weight	450 lbs. (205 kg)
Environmental	
Operating Temperature	-30°C to +60°C**

* Power requirements refer to the power supplied by the batteries or optional AC operation through 2001TRB.

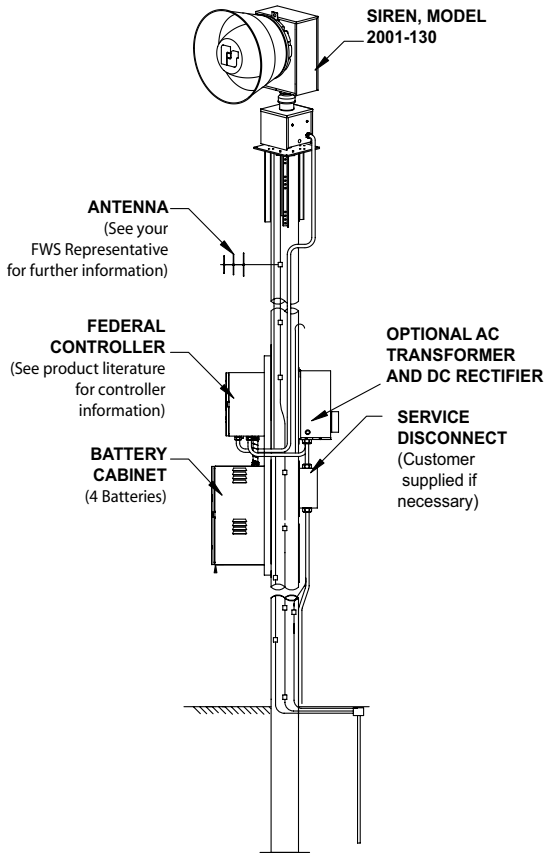

** The siren can operate throughout this temperature range provided that battery temperature is maintained at 18° C or higher.

Ordering Information*	
Siren Motor	Rotating electro-mechanical Siren 130 dB(C) +/- 1dB(C), 48VDC, pole mount included
2001AC[1]	AC operated motor control, 208 or 220/240VAC (specify voltage) NEMA 3R control cabinet, two 48VDC contactors and transformer/rectifier, 182 lbs. 53 kg
2001DC[1,2]	120VAC motor control, NEMA 4 control cabinet, four chargers, two 48VDC contactors and NEMA 3R battery cabinet. 224 lbs. 102 kg
Landline Option	
2001HR	Rotator holding relay for use with external timer

* 2001-130 Siren requires a Federal Controller such as FC or DFCB (See controller product literature)

[1] For use with Electro-mechanical sirens. Antenna and cable are not included with any radio activation control and must be purchased separately. (See your sales representative)

[2] Batteries not included.

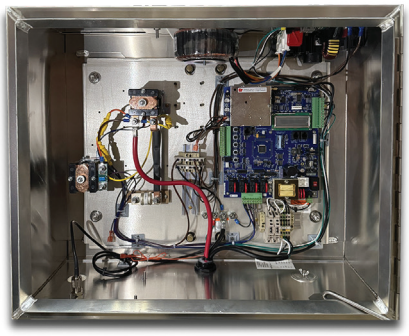

FEDERAL SIGNAL

Models DCFCB and DCFCBH/U

One-Way Digital Controller for Electro-Mechanical Sirens

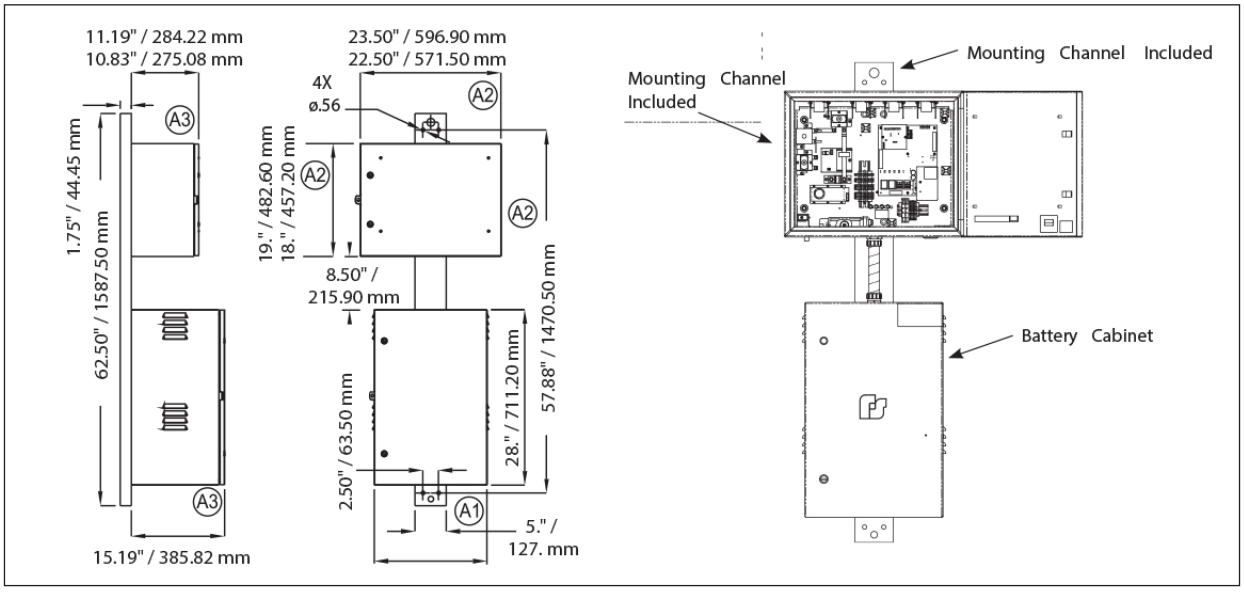

Federal Signal DCFCB and DCFCBH/U siren controllers are one-way digital, battery-operated/backup Siren Controllers for use with the Federal Signal 2001-130, Equinox, 508-128, and Eclipse8 sirens. DCFCBH/U siren controller includes a one-way radio receiver allowing over-the-air activation commands from a control point. DCFCTBD siren controllers can be used with radios utilizing single-tone, two-tone sequential, DTMF, POCSAG, AFSK, and EAS. This makes DCFCB and DCFCBH/U siren controllers compatible with virtually any existing siren control system or communication method. There are four local inputs, four local buttons for activation, and a reset option.

DCFCB and DCFCBH/U models come equipped with four independent relay outputs that can be programmed to activate with local inputs, local buttons, or via over-the-air activation commands from a control point. Activation codes, relay timing, and optional warning sounds are programmed into the unit through a standard RS232 serial port. The siren controller offers six user-programmable functions in addition to the five pre-set functions (arm, disarm, report, growl test, and master reset).

FEATURES

- One-way siren controller for 48 Vdc Sirens
- Simultaneous two-tone sequential, DTMF, EAS, POCSAG, and digital AFSK decoding for security
- Able to utilize multiple communication paths for redundancy
- Controls mechanical sirens, including models 2001-130, Equinox, 508-128, and Eclipse8
- Solar options available
- Buttons for local activation
- UL Listed for general signaling
- DNV Certified

One-Way Digital Controller for Electromechanical Sirens (DCFCB and DCFCBH/U)

SPECIFICATIONS

Operating Temperature:	-22° to 149°F (-30° to +65°C)
AC supply voltage:	120 Vac at 4.0 A 240 Vac at 2.0 A
Battery Backup:	48 Vdc
Current Draw:	+/- 10%, 50/60 Hz, max standby current
DCFCB and DCFCBH/U Power Supply:	6 A at 13.3 Vdc
Battery Backup:	48 Vdc
Current Draw:	0.2 A in standby
Programmable Frequency:	Federal Signal can program your radio to your specific requirements
EAS:	Supports standard EAS codes and wildcards
POCSAG:	Supports binary AFSK 512 Baud numeric messages
4 relay outputs:	SPST
Contact Rating:	(4 relays standard) 5 A at 28 Vdc – 8 A at 240 Vac
Shipping Weight:	
Shipping Weight (excluding batteries):	300 lb (136 kg)

LIMITED WARRANTY POLICY

Effective January 19, 2026

Federal Signal Corporation ("Federal Signal"), subject to the terms, conditions and exceptions contained herein, warrants each NEW product to be free from defects in material and workmanship, under normal and proper use, care, maintenance and required service only. Start of Warranty, Warranty periods and exceptions to the foregoing Limited Warranty are contained on the Schedule of Products included in this document and are subject to change at the sole discretion of Federal Signal.

SPECIFIC EXCLUSIONS AND EXCEPTIONS

This Limited Warranty does NOT apply nor is it extended to products that are not manufactured by Federal Signal. These products may be covered by a separate limited warranty provided by the particular manufacturer, and all claims and questions regarding the same are to be directed to the particular manufacturer. Goods sourced by Seller from a third party for resale to Buyer shall carry only the warranty extended by the original manufacturer.

Domes, lenses, lamps, and batteries installed on Federal Signal products are specifically excluded. Repair or replacement of any product(s) or part(s) under this warranty does NOT extend the term of this warranty, and such product(s) or part(s) shall remain covered by the unexpired portion of the warranty period or for ninety (90) days from the date of return to Federal Signal, whichever is later. This limited warranty applies ONLY to the initial or first installation of the product. This limited warranty shall not apply to products (1) that have been subjected to neglect, abuse, misuse, improper installation, inadequate maintenance, or damage due to improper use of cleaning or cleaning materials or chemicals, or non-compliance with Federal Signal's storage, installation, operation, maintenance or environmental requirements; (2) that have undergone any modification or repair not previously authorized by Federal Signal in writing, or service, repair or modification by or from any facility other than an authorized Federal Signal service center or technician, or that use non-authorized software or spare or replacement parts; or (3) that fail due to reasonable and normal use or wear and tear, or materials made, furnished, or specified by the Buyer or end user.

During the specific warranty periods set forth below, Federal Signal will, at its sole option, repair or replace the product(s) or particular part(s) that are found to be defective in either material or workmanship or, in its sole discretion, refund the purchase price for such product(s) or part(s), which are returned or delivered, transport or shipping prepaid by the Buyer or end user, to either Federal Signal or its designated and authorized warranty service center. This limited warranty does not cover travel expenses, the cost of specialized equipment for gaining access to the product(s) or part(s), or labor charges for removal and re-installation of the product.

No person or affiliated company representative is authorized to alter the terms of this warranty, to give any other warranties, to extend the term or duration of this warranty, or to assume any other liability on behalf of Federal Signal in connection with the sale, servicing, or repair of any product manufactured by the Federal Signal.

Federal Signal reserves the right to make design changes and improvements in its products without imposing any obligation upon itself to change or improve previously manufactured products.

The use in the product of any part other than parts approved by Federal Signal may invalidate this warranty. Federal Signal reserves the right to determine, in its sole discretion, if the use of non-approved parts invalidates this warranty.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND REGARDLESS OF ANY FAILURE OF ESSENTIAL PURPOSE. ALL OTHER WARRANTIES OF WHATSOEVER KIND AND NATURE, WHETHER EXISTING IN CONTRACT OR AT LAW, ARE HEREBY AND FOREVER DISCLAIMED. UNDER NO CIRCUMSTANCES WILL FEDERAL SIGNAL BE LIABLE OR RESPONSIBLE FOR SPECIAL, COMPENSATORY, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, LOST PROFITS, LOST SALES, OR LOSS OF USE OR LOSS OF BUSINESS OPPORTUNITY BY OR THROUGH THE USE OF THE PRODUCT. FEDERAL SIGNAL'S SOLE AND MAXIMUM LIABILITY WITH RESPECT TO THE PRODUCT, OTHER THAN ITS OBLIGATIONS SET FORTH ABOVE, SHALL BE THE TOTAL PURCHASE PRICE PAID FOR THE PRODUCT.

FEDERAL SIGNAL

TERMS AND CONDITIONS OF SALE (Goods and Services)

Effective 2-20-2026

1. DEFINITIONS. In these Terms and Conditions of Sale, "Seller" means Federal Signal Corporation, including any division or subsidiary of Federal Signal Corporation; "Buyer" means the person or entity that placed the order or on whose behalf the order is placed; "Goods" means the goods identified in Seller's acknowledgment of Buyer's order; "Services" means the services identified in Seller's acknowledgment of Buyer's order; "Contract" means the written agreement (which shall include these Terms and Conditions) between Buyer and Seller for the supply of the Goods and/or provision of Services; and "Contract Price" means the price payable to Seller by Buyer for the Goods and/or Services.

2. ORDERS; CONTRACT. All orders must be in writing. Buyer understands and agrees that any order, upon Acceptance by Seller, shall be subject to these Terms and Conditions of Sale. Seller objects to and shall not be bound by any additional or different terms, whether printed or otherwise, in Buyer's order or in any other communication from Buyer to Seller, or any trade usage or course of dealing between Buyer and Seller, unless expressly agreed to in writing by Seller in Seller's acknowledgment of Buyer's order. If the details of the Goods or Services described in Seller's quotation differ from those set out in Seller's acknowledgment, the latter shall apply. Seller reserves the right to make minor modifications and/or improvements to the Goods before delivery provided that the performance of the Goods is not adversely affected and that neither the Contract Price nor the delivery date is affected.

3. EFFECTIVE DATE; CANCELLATION. The Contract shall become effective only upon the date of acceptance of Buyer's order by Seller's written acknowledgment or upon Seller's commencement of performance, whichever is first ("Acceptance"). Buyer may not cancel or change an order after Acceptance by Seller without the written consent of Seller. Notwithstanding the forgoing, Seller may, in its sole discretion, agree to a written request from Buyer for cancellation of an open order under the following conditions: Buyer shall be subject to cancellation charges equal to the greater of (i) 110% of the cost of work completed and/or custom materials purchased at the time the request is delivered, or (ii) a percentage of the canceled portion of the Contract calculated as follows:

10% - if cancelled more than 2 weeks from the Effective Date;
20% - if cancelled more than 4 weeks from the Effective Date;
40% - if cancelled more than 6 weeks from the Effective Date;
80% - if cancelled more than 8 weeks from the Effective Date.

Cancellation Schedule - Services:
If services are cancelled within 1 week of the scheduled mobilization date; 110% of unrecoverable out-of-pocket costs + 50% of scheduled services will be charged.
If services are cancelled within 2 days of the scheduled mobilization date; 110% of unrecoverable out-of-pocket costs + 100% of scheduled services will be charged.

Notwithstanding anything to the contrary herein, any service and/or commissioning line items that remain open and unperformed for a period of twenty-four (24) months or more from the Effective Date or Issuance of Buyer's Order, whichever is first shall be deemed automatically cancelled without further notice or action by either party. Upon such automatic cancellation, Buyer shall remain liable for all costs and charges incurred by Seller up to the date of cancellation, including but not limited to unrecoverable out-of-pocket costs, work completed, and custom materials purchased.

4. PRICE AND PAYMENT TERMS. Unless previously withdrawn, Seller's quotation is open for acceptance within the period stated therein or, when no period is so stated, within thirty days after its date of issuance to Buyer. Prices are subject to increase by Seller based on Seller's prices in effect at the time of shipment in all instances where the specified shipment date is more than 30 days from the date of the order from Buyer. Unless otherwise specified in the Contract or Seller's applicable price list, prices are FOB Seller's point of shipment, and the terms of payment are NET 30 days from the date of invoice. Amounts not paid when due shall bear interest for each day after the due date calculated at the annual rate of 18% or the highest rate permitted by law, whichever is less. Freight, packing and handling will be charged at Seller's standard rates, which are available upon request by Buyer. If the Contract is for more than one unit of Goods, the Goods may be shipped in a single lot or in several lots at the discretion of Seller. In such event, each such shipment shall be paid separately and Buyer shall be responsible for all transportation charges. Seller may require full or partial payment or payment guarantee in advance of shipment whenever, in its opinion, the financial condition of Buyer so warrants. Payment by credit card may be subject to a service charge. If Buyer requires Seller to submit invoices through an electronic portal or other third-party invoicing platform, Buyer shall pay Seller a fee of $150.00 per order.

5. TITLE; RISK OF LOSS. Title to, ownership of, and risk of loss or damage to the Goods shall pass to the Buyer, and Buyer shall be responsible for insurance of the Goods, upon delivery of the Goods to the carrier. Alternatively, if it is expressly stated in the Contract that Seller is to procure insurance for the Goods after delivery to the carrier, such insurance will be charged at the carrier's standard rates. "FOB" and any other delivery term used in the Contract shall be defined in accordance with the latest version of Incoterms. Buyer shall have sole responsibility for processing and collection of any claim of loss against the carrier.

6. TAXES. Prices do not include taxes. Buyer shall pay Seller, in addition to the price of the goods, any applicable excise, sales, use or other tax (however designated) imposed upon the sale, production, delivery or use of the Goods or Services ordered to the extent required or not forbidden by law to be collected by Seller from Buyer, whether or not so collected at the time of the sale, unless valid exemption certificates acceptable to the taxing authorities are furnished to Seller before the date of invoice.

7. DELIVERY; FORCE MAJEURE. Unless otherwise stated in Seller's quotation, all periods stated for delivery or completion run from the Effective Date and are to be treated as estimates only and are not guaranteed. If Seller is delayed in or prevented from performing any of its obligations under the Contract due to the acts or omissions of Buyer or its agents, the delivery/completion period and the Contract Price shall both be adjusted as necessary. If delivery is delayed due to any act or omission of Buyer, or if having been notified that the Goods are ready for shipment, Buyer fails to take delivery or provide adequate shipping instructions, Seller shall be entitled to place the Goods into storage at Buyer's expense. Upon placing the Goods into storage, delivery shall be deemed to be complete, risk in the Goods shall pass to Buyer and Buyer shall pay Seller accordingly. The Contract (other than Buyer's obligation to pay all sums due to Seller in accordance with the Contract) shall be suspended, without liability, in the event and to the extent that its performance is prevented or delayed due to any circumstance beyond the reasonable control of the party affected, including but not limited to: Act of God, war, armed conflict or terrorist attack, riot, fire, explosion, accident, flood, disease, health epidemic or pandemic, sabotage; governmental decisions or actions (including but not limited to prohibition of exports or re-exports or the failure to grant or the revocation of applicable export licenses), or labor trouble, strike, lockout or injunction. Seller shall have no obligation to deliver any hardware, software, services or technology unless and until it has received any necessary licenses or authorizations or has qualified for general licenses or license exceptions under applicable import, export control and sanctions laws, regulations, orders and requirements, as they may be amended from time to time (including without limitation those of the United States, the European Union and the jurisdiction in which Seller is established or from which the items are supplied). If for any reason any such licenses, authorizations or approvals are denied or revoked, or if there is a change in any such applicable laws, regulations, orders or requirements that would prohibit Seller from fulfilling the Contract, or would in the reasonable judgment of Seller otherwise expose Seller to a risk of liability under applicable laws, regulations, orders or requirements, Seller shall be relieved without liability of all obligations under the Contract.

   If either party is delayed or prevented from performance of its obligations by reason of this clause for more than 180 consecutive calendar days, either party may terminate the then unperformed portion of the Contract by notice in writing given to the other party, without liability provided that Buyer shall be obliged to pay the reasonable cost and expense of any work in progress and to pay for all Goods delivered and Services performed as at the date of termination. Seller may deliver by installments, and each delivery shall constitute a separate Contract. Failure by Seller to deliver any one or more of the installments in accordance with their terms shall not entitle Buyer to terminate the whole Contract or treat it as repudiated.

8. INSPECTION. Buyer shall inspect the goods immediately upon the receipt thereof. All claims for shortfalls in quantity or for incorrect delivery or for any alleged defect in Seller's performance under this Contract, capable of discovery upon reasonable inspection, must be fully set forth in writing and received by Seller within five days of Buyer's receipt of the Goods. Failure to make any such claim within said period shall constitute a waiver of such claim and an irrevocable acceptance of the Goods by Buyer.

9. DEDUCTIONS AND RETURNS. Buyer must contact the factory before returning any merchandise. Goods in new, unused and undamaged condition that are resalable as new products without modification or repackaging may be returned to Seller for credit only upon the Seller's prior written consent (such consent to be in the sole discretion of Seller) and upon terms specified by Seller, including prevailing restocking, freight, and handling charges. A Return Material Authorization (RMA) must be obtained before returning merchandise for credit. All returns are subject to inspection of merchandise and any defects in the units will be charged back to the Buyer at the cost of parts and labor. Credit deductions will not be honored unless covered by an RMA. Buyer assumes all risk of loss for such returned goods until actual receipt thereof by Seller. Agents of Seller are not authorized to accept returned goods or to grant allowances or adjustments with respect to Buyer's account.

10. LIMITED WARRANTY.
NOTICE: IF ANY GOODS, INCLUDING ANY COMPONENT PART OF ANY GOODS, OR SERVICES SOLD BY SELLER ARE ACCOMPANIED BY A SEPARATE MANUFACTURER'S WARRANTY COVERING SUCH GOODS OR SERVICES, THE TERMS OF SUCH WARRANTY, INCLUDING ALL LIMITATIONS OF SUCH WARRANTY, SHALL GOVERN THOSE GOODS OR SERVICES, AND ANY WARRANTY OF SELLER OTHERWISE APPLICABLE TO SUCH GOODS OR SERVICES SHALL NOT APPLY.

A. Goods. Subject to the foregoing, Seller's limited warranty for any new Goods which are the subject of any Seller's acknowledgment of Buyer's order may be found at www.fedsig.com/SSG-Warranty, or maybe obtained by writing to Federal Signal Corporation, 2645 Federal Signal Drive, University Park, IL 60484; by email to info@federalsignal.com; or by calling 708/534-3400.

B. Services Seller warrants that Services provided by Seller will be performed with all reasonable skill, care and diligence and in accordance with standard industry practice. Seller will correct defects in Services provided by Seller and reported to Seller within ninety days after completion of such Services. Services corrected in accordance with this Section shall be subject to the foregoing warranty for an additional ninety days from the date of completion of correction of such Services.

11. REMEDIES AND LIMITATIONS OF LIABILITY. The remedies contained the preceding paragraph constitute the sole recourse against Seller for breach of any of Seller's obligations under the Contract, whether of warranty or otherwise. In no event shall Seller be liable for consequential damages nor shall Seller's liability on any claim for any direct, incidental, consequential or special damages arising out of or connected with the Contract or the manufacture, sale, delivery or use of the Goods or Services exceed the purchase price of the Goods or Services. The term "consequential damages" shall include, but not be limited to, loss of anticipated profits, business interruption, loss of use, revenue, reputation and data, costs incurred, including without limitation, for capital, fuel, power and loss or damage to property or equipment. It is expressly understood that any technical advice furnished by Seller with respect to the use of the Goods is given without charge, and Seller assumes no obligation or liability for the advice given, or results obtained, all such advice being given and accepted at Buyer's risk.

12. LIMITED INDEMNITY AGAINST INFRINGEMENT. Seller shall, at its own expense, defend any litigation resulting from sale of the Goods to the extent that such litigation alleges that the Goods or any part thereof infringes any United States patent, copyright, or trademark, provided that such claim does not arise from the use of the Goods in combination with equipment or devices not made by Seller or from modification of the Goods, and further provided that Buyer notifies Seller immediately upon its obtaining notice of such impending claim and cooperates fully with Seller in preparing a defense. If Buyer provides to Seller the authority, assistance, and information Seller needs to defend or settle such claim, Seller shall pay any final award of damages in such suit and any expense Buyer incurs at Seller's written request, but Seller shall not be liable for a settlement made without its prior written consent. If the Goods are held to be infringing and the use thereof is enjoined, Seller shall, at its option, either (i) procure for the Buyer the right to use the Goods, (ii) replace the Goods with others which do not constitute infringement, or (iii) remove the infringing Goods and refund the payment(s) made therefor by Buyer. The foregoing states the Buyer's sole remedy for, and Seller's entire liability and responsibility for, infringement of any patent, trademark, or copyright relating to the Goods provided hereunder. THIS LIMITED INDEMNITY IS IN LIEU OF ANY OTHER STATUTORY OR IMPLIED WARRANTY AGAINST INFRINGEMENT.

13. INTELLECTUAL PROPERTY RIGHTS. All drawings, data, designs, tooling, equipment, procedures, engineering changes, inventions, trade secrets, copyrights, mask works, source code, object code, patents, patent applications, know-how, computer and/or product software and all parts thereof, trademarks and all other information, technical or otherwise which was developed, made or supplied by or for Seller in the production of any Goods or Services sold hereunder will be and remain the sole property of Seller (or its licensors, if any). Buyer agrees not to reverse engineer any Goods purchased hereunder.

14. EXPORT REGULATIONS. Buyer agrees to comply fully with all laws and regulations concerning the export of goods from the United States, including, but not limited to Export Administration Rules ("EAR"), regulations of the Office of Foreign Asset Control ("OFAC"), International Traffic in Arms Regulations ("ITAR"), as well as Denial Order and Entry lists under EAR and Specially Designated Nationals and Blocked Persons list under OFAC regulations.

15. INSTALLATION. In those circumstances where Seller has agreed to install Goods for Buyer, the following provisions shall control:

A. Responsibility. Installation shall be by Buyer unless otherwise specifically agreed to in writing by Seller.

B. Receiving Product and Staging Location. Buyer is responsible to receive, store and protect all Goods intended for installation purposes, including, but not exclusively, siren equipment, poles, batteries, and installation materials. Materials received in cardboard containers must be protected from all forms of precipitation. Additionally, Buyer is to provide a staging area of an appropriate size for installation contractors to work from and to store equipment overnight.

C. Installation Methods & Materials. Installation is based on methods and specifications intended to meet applicable safety and installation codes and regulations. Design changes required by Buyer may result in additional charges.

D. Radio Frequency Interference. Seller is not responsible for RF transmission and reception affected by system interference beyond its control.

E. Installation Site Approval. Buyer must provide signed documentation to Seller, such as the "WARNING SITE SURVEY FORM" or a document with the equivalent information, that Seller is authorized to commence installation at the site designated by Buyer before Seller will commence installation. Once installation has started at an approved site, Buyer is responsible for all additional costs incurred by Seller for redeployment of resources if the work is stopped by Buyer or its agents, property owners, or as the result of any governmental authority or court order, or if it is determined that installation is not possible at the intended location, or the site is changed for any reason by the Buyer.

F. AC Power Hookup. Buyer is responsible to coordinate and pay for all costs to bring proper AC power to the electrical service disconnect installed adjacent to the controller cabinet, unless these services are quoted by Seller.

G. Permits & Easements. Seller will obtain and pay for electrical and right-of-way work permits as necessary for installations. Buyer is responsible for obtaining and payment of all other required easements, permits, or other fees required for installation, unless specifically quoted.

H. Soil Conditions Clause. In the event of poor site conditions including, but not limited to rock, cave-ins, high water levels, or inability of soil to provide stable installation to meet specifications, Seller will direct installation contractors to attempt pole installation for a maximum of 2 hours. Buyer approval will be sought when pole installation exceeds 2 hours and abandoned if Seller cannot obtain approval in a timely manner.

I. Contaminated Sites. Seller is not responsible for cleanup and restoration of any installation sites or installer equipment where contaminated soil is encountered. Seller will not knowingly approve installation at any site containing contaminates. Buyer must inform Seller when known or suspected soil contaminates exist at any intended installation site.

J. Site Cleanup. Basic installation site cleanup includes installation debris removal, general site cleanup, and general leveling of affected soil within 30' of the pole. Additional site restoration quotes are available.

K. Waste Disposal. Buyer is responsible for providing disposal of all packing materials including shipping skids and containers.

L. Work Hours. All installation quotes are based on the ability to work outdoors during daylight hours and indoors from 7 AM to 7 PM Monday through Saturday. Work restrictions or limitations imposed by Buyer or its agents may result in additional charges being assessed to Buyer for services.

M. Project Reporting. Installation & Service Progress Reports will be provided on a regular basis, normally every week during active installation, unless pre-arranged otherwise by mutual agreement.

N. Safety Requirements & Compliance. Seller requires that all subcontractors and their employees follow applicable laws and regulations pertaining to all work performed, equipment utilized and personal protective gear common to electrical and construction site work performed in the installation of Seller equipment. Additional safety compliance requirements by Buyer may result in additional charges assessed to Buyer for the time and expenses required to comply with the additional requirements.

16. ASSIGNMENT AND SUBCONTRACTING. Seller may assign its rights and obligations by giving Buyer written notice thereof but without being obligated to obtain Buyer's consent prior thereto. In the event of an assignment, Seller shall be discharged of any liability pursuant to those purchase orders which have been assigned or delegated. Customer may not assign its rights nor delegate its obligations under any or all of its purchase orders unless Seller's written consent is obtained prior thereto and any such assignment or delegation without such consent shall be void.

17. DEFAULT, INSOLVENCY AND CANCELLATION. Seller shall be entitled, without prejudice to any other rights it may have, to cancel the Contract immediately, in whole or in part, by notice in writing to Buyer, if (a) Buyer is in default of any of its obligations under the Contract and fails, within 20 (twenty) days of the date of Seller's notification in writing of the existence of the default, either to rectify such default if it is reasonably capable of being rectified within such period or, if the default is not reasonably capable of being rectified within such period, to take and diligently continue action to remedy the default or (b) on the occurrence of an Insolvency Event in relation to Buyer. "Insolvency Event" in relation to Buyer means any of the following: (i) a meeting of creditors of Buyer being held or an arrangement or composition with or for the benefit of its creditors being proposed by or in relation to Buyer; (ii) a receiver, administrator or similar person taking possession of or being appointed over or any distress, execution or other process being levied or enforced (and not being discharged within seven days) on the whole or a material part of the assets of Buyer; (iii) Buyer ceasing to carry on business or being unable to pay its debts; (iv) Buyer or its equity holders or the holder of a qualifying floating charge giving notice of their intention to appoint, or making an application to the court for the appointment of, an administrator; (v) a petition being presented (and not being discharged within 30 days) or a resolution being passed or an order being made for the administration or the winding-up, bankruptcy or dissolution of Buyer; or (vi) the happening in relation to Buyer of an event analogous to any of the above in any jurisdiction in which it is incorporated or resident or in which it carries on business or has assets. Seller shall be entitled to recover from Buyer or Buyer's representative all costs and damages incurred by Seller as a result of such default or cancellation, including all costs of collection and a reasonable allowance for overheads and profit (including but not limited to loss of prospective profits and overheads).

18. SEVERABILITY. If any term, clause or provision contained in the sales contract is declared or held invalid by a court of competent jurisdiction, such declaration or holding shall not affect the validity of any other term, clause or provision herein contained.

19. NO WAIVER. No waiver by either party with respect to any breach or default or of any right or remedy and no course of dealing or performance, shall be deemed to constitute a continuing waiver of any other breach or default or of any other right or remedy, unless such waiver be expressed in writing and signed by the party to be bound.

20. NOTICES. All notices and claims in connection with the Contract must be in writing.

21. INTEGRATION. These terms and conditions supersede all other communications, negotiations and prior oral or written statements regarding the subject matter of these terms and conditions.

22. GOVERNING LAW AND LIMITATIONS. The formation and performance of the sales contract shall be governed by the laws of the State of Illinois. Venue for any proceeding initiated as the result of any dispute between the parties that arises under this Agreement shall be either the state or federal courts in Cook or DuPage County, Illinois. Whenever a term defined by the Uniform Commercial Code as adopted in Illinois is used in these standard terms, the definition contained in said Uniform Commercial Code is to control. Any action by the Buyer for breach of the sales contract or any covenant or warranty contained herein must be commenced within one year after the cause of action accrued.

23. U.N. CONVENTION. Pursuant to Article 6 of the United Nations Convention on Contracts for the International Sale of Goods (the "UN Convention"), the Parties agree that the UN Convention shall not apply to this Agreement.
